# RICHARDS GARDENS

one of Colorado's foremost nurseries

## SPRING WHOLESALE LIST

March 1, 1942

AT THE END OF WEST MOUNTAIN AVENUE

P. O. BOX 363

FORT COLLINS, COLORADO

Experienced Western planters know the superiority of home-grown stock; know that there's no long wait for home-grown stock to acclimate itself and begin to grow; know that it starts quicker, grows faster, is hardier.

## HOMEGROWN EVERGREENS

Two and three times transplanted (each X means one transplanting) and cut back several times to make beautiful, full-centered, compact specimens. Carefully dug and carefully handled by men who appreciate their quality and take pride in getting ample earth balls without damaging tops. No soft balls on Richards' Evergreens, no strained or broken branches to die out later and bring complaints.

No large freight bills. When you consider transportation charges and the natural, in-grown superiority of this home-grown stock you'll agree that Richards' Evergreens would be bargains at 50% above midwest prices - - but we offer them at competitive prices!

Pfitzer's Juniper UPRIGHT - - Ideal for that in-between spot where a scop would grow too tall but a regular Pfitz or Savin wouldn't be tall enough. Surprising how often this type works into an interesting foundation planting.

This block has been grown to stake for four years; they run 3 feet or more in height with a spread of over 2 feet. They're not quite as dense as we'd like (they were in the hail belt but the scars are healing rapidly) but the frame is there to fill in quickly into beautiful specimen stock. Price, \$2.95 each.

Any other evergreens in our retail list, including the named scops: Sutherland, Pathfinder, Moffeti, Cannart, etc., while our limited stocks last, will be offered at a discount of 40% from retail prices.

If you send your own truck after evergreens we can save you time if you'll give us a day's notice, or two or three days on large orders. We ship by truck or rail, packed in damp straw in baskets for which we make a nominal packing charge of 15¢ each.

An order of 100 or more evergreens will be allowed a 5% discount.

NEW OR NOTEWORTHY HARDY PERENNIAL PLANTS

All plants here offered have been grown in our gardens and are fully winter-hardy under our conditions. They are robust, well-rooted, field-grown, full blooming size except where specifically noted. Divisions will be supplied where that is the trade custom, as in the case of iris, Shasta daisies and other mat-forming plants. Plants are freshly dug and delivered the same day. 30 plants of one kind will be charged at the 100 rate. Under no circumstances will we ship perennials C. O. D.

**HYBRID HEMEROCALLIS**

the new hybrid daylilies are for several good reasons tremendously popular and (most important to you) will be profitable for years because while they increase readily they don't "multiply like weeds" and the demand will be ahead of the supply for a long time. Prices are for strong, whole plants grown from divisions lined out late last summer.

	per 10	per 100		per 10	per 100
Apricot	\$2.00	\$15.00	Sir. M. Foster	\$5.00

Daylily species, H. flava, fulva, middendorffii, Kwanso \$1.25 per 10, \$10.00 per 100

Arrhenatherum bulbosum variegatum -- Dwarf variegated ribbon grass, very neat, compact striped grass only 8 inches tall, "Stays put" and never gets weedy, spreads very slowly. 10 for \$1.75. 100 for \$15.00.

Bleedingheart -- Large plants in bud and bloom in Cloverset pots make this popular item easy to handle when demand is best. 50¢, 10 for \$4.50.

Carnation CRIMSON KING -- Large and exceedingly brilliant bright crimson blooming from July till hard frost, richly clove scented, perfectly hardy. Large 2-yr. clumps 30¢, \$2.50 per 10, \$22.50 per 100. 1-yr. plants that will bloom this summer @ 20¢, \$1.50 per 10, \$12.50 per 100.

Delphiniums PACIFIC HYBIRDS -- Galahad Series (pure white) transplanted field grown \$2.00 per 10, \$16.00 per 100. 1-yr. frame-grown \$8.00 per 100. Blue Jay (brilliant mid-blue) transplanted field grown \$1.60 per 10, \$12.00 per 100. 1-yr. frame grown \$6.00 per 100. Belladonna and Bellamousum transplanted field grown \$1.00 per 10, \$9.00 per 100.

Dianthus ROSE DAWN -- compact, evergreen, glaucous blue-green cushions no more than 4 or 5 inches high are the showiest plants in the garden in late spring -- a perfect mound of bright, glowing rose pink. Extremely ornamental even when not in bloom and all through the winter. Limited supply. \$2.75 per 10.

Hollyhocks ALL-DOUBLE in separate colors -- scarlet, pink, yellow, white, sunset, lilac, maroon -- or mixed. \$1.00 per 10, \$9.00 per 100.

Iris Beardless varieties -- Emperor, Missouriensis, Orientalis, Perry's Blue, Superba, Snow Queen, 2-yr. field clumps \$1.00 per 10, \$8.00 per 100. Shelford Giant \$2.00 per 10, \$16.00 per 100.

Iris Tall Bearded varieties -- To clear a small block we offer for spring delivery El Capitan, Frieda Mohr, Henri Riviere, No-we-ta, Omaha, Pluie d'or, President Pilkington, Santa Barbara, Snow White, Zua, Zwandenburg, Sangreal, White Autumn King, alike or assorted, 50¢ per 10, \$3.50 per 100.

We have one of the finest (not the largest, because we've culled out every mediocre and outdated variety) iris collections in the west, with good stocks of "the famous Mohrs", William Mohr, Ormohr, Grace Mohr; Marquita, Naranja, The Red Douglas, Jean Cayeaux, and others. The public isn't interested in those oldtimers that have been kicking around since the early '20s but they do buy, at good prices, these modern iris, many of them Dykes medal winners. These iris aristocrats will bring new interest to your gardens and new profits to your business. Complete list ready in July. Ask for a copy if interested.

... ..

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The process of urbanization is the movement of people from rural areas to urban areas. This is done for a variety of reasons, including the search for better living conditions, the desire for education, and the need for employment. The process of urbanization has led to the growth of large cities and the decline of small towns. This has had a significant impact on the way we live and work. For example, it has led to the development of new technologies and industries, and it has changed the way we think about the world. The process of urbanization is still going on, and it is likely to continue for many years to come. This means that we need to be prepared for the challenges that it will bring. One of the main challenges is the need for housing. As more people move to urban areas, there will be a need for more housing. This means that we need to build more houses and apartments. Another challenge is the need for transportation. As more people live in urban areas, there will be a need for more roads and public transportation. This means that we need to build more roads and public transportation systems. The process of urbanization is a complex one, and it is one that we need to understand if we are to live in a world that is becoming increasingly urban. We need to be aware of the challenges that it will bring, and we need to be prepared to meet them. This means that we need to work together to find solutions to the problems that it will bring. We need to be proactive, and we need to be involved in the process of urbanization. We need to be part of the solution, and we need to be part of the future. The process of urbanization is a process that we need to understand, and we need to be prepared for the challenges that it will bring. We need to be aware of the challenges that it will bring, and we need to be prepared to meet them. This means that we need to work together to find solutions to the problems that it will bring. We need to be proactive, and we need to be involved in the process of urbanization. We need to be part of the solution, and we need to be part of the future.

1. The first of these is the fact that the Government has not been able to secure the necessary funds to carry out its policy. This is due to the fact that the Government has not been able to secure the necessary funds to carry out its policy. This is due to the fact that the Government has not been able to secure the necessary funds to carry out its policy.

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a very long letter, and it contains a great deal of information about the state of the country at that time. It is a very important document, and it is one of the most interesting documents in the collection.

and organized variety (this collection in the year 1910 was the largest and the most valuable collection of the year 1910).

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a message of condolence to the people of the State of California, who had recently suffered a great calamity in the form of a fire which had destroyed the city of San Francisco. The President expresses his sympathy for the people and their losses, and offers his prayers for their recovery and prosperity.

...and as you are now, I am too. I am too.

... ..

Pyrethrums LILLIE MORGAN and BUCKEYE -- Once your customers see these in bloom you won't keep them long. In full for Memorial Day. Everyone likes them as cut flowers and want plants for their own gardens. Constant reselection of propagating stock makes these plants unusually and uniformly good. Bright, rose pink @ \$2.00 per 10, \$17.50 per 100. Deep red @ \$2.50 per 10, \$22.50 per 100.

Phlox subulata EMERALD CUSHION -- a new and greatly improved subulata smothered with large, full-petaled flowers of deep rose pink with a glowing brilliance that makes all other subulatas look pale by comparison. Extra good evergreen foliage. \$2.50 per 10, \$20.00 per 100.

Other P. subulatas: AUTUMN ROSE, BRILLIANT, BLUE HILLS, \$1.50 per 10.

SHASTA DAISIES, DIENER'S GIANT SINGLE -- unsurpassed for size, length of stem, long blooming period. \$1.50 per 10, \$12.00 per 100.

SHASTA DAISIES, DIENER'S DOUBLE -- doubleness varies from semi-double to full centered, fluffy, aster-life specimens that are an instant hit with everyone who sees them. Not selected as to type but all are good. Need some winter protection. \$2.00 per 10, \$17.50 per 100.

HARDY CHRYSANTHEMUMS

We offer these dwarf, truly hardy, early flowering 'mums two ways -- as strong roots from field grown plants (not soft, greenhouse grown rooted cuttings) that will bloom this year; and as entire clumps wintered over in the field. Our overhead system of irrigation enables us to give you real clumps -- some yield as many as 25 divisions. Richards' clumps are your best buy in 'mums. Please note that roots are offered per hundred and we do not sell less than 25 of a variety at these prices. Clumps are priced per 10.

	Roots per 100	clumps per 10		roots per 100	clumps per 10
Amelia (pink Cushion	\$4.00	\$1.25	L'Argentuillais	\$4.00	\$1.25

Elkton	4.50	1.50	Vulcan	5.00	1.75
Evelyn	4.50	1.50	White Gull	4.00	1.25

An order of 100 or more chrysanthemum clumps will be allowed a 10% discount. New varieties marked \* in our retail list and others not listed above will be available about May 20 as thrifty, well-rooted growing plants from open, outdoor frames, dug with small ball of earth -- the same stock we line out in our own field -- will bloom profusely by early autumn. These plants are offered at 40% discount from retail prices.

DWARF HARDY ASTERS -- Perfect companions for for the "cushion" 'mums. Compact, very neat plants only 12 to 15 inches tall, simply smothered with color in September. Grow in any sunny spot with almost no care. The plants we sell make large mounds of color this autumn. Strong divisions; VICTOR (blue), NANCY (pink), NIOBE (White) . . \$5.00 per 100.

'Mums, dwarf asters will be delivered, except where noted, in late April and early May.

\* \* \* \* \*  
T E R M S   A N D   C O N D I T I O N S   O F   S A L E

Prices quoted herein are strictly net cash with order. These prices cancel all previously quoted prices and are subject to change without notice. Five of a single variety and grade will be billed at the 10 rate. 30 of a grade at the 100 rate, 300 at the 1000 rate. There is no packing charge for perennial plants and bulbs. Transportation is at the risk and expense of the purchaser. Note -- we have discontinued C. O. D. shipments.

Since we have no control over future growing conditions we give no warranty, express or implied, as to the future life, quality of productiveness of the nursery stock we sell. Claims for any cause will receive consideration only when made within ten days after arrival of goods.

Any stock which proves untrue to name will be replaced free of charge but in no case will we be liable for any amount greater than original price.
